LOVE STRUCK  
♡ PASS IT ON ♡

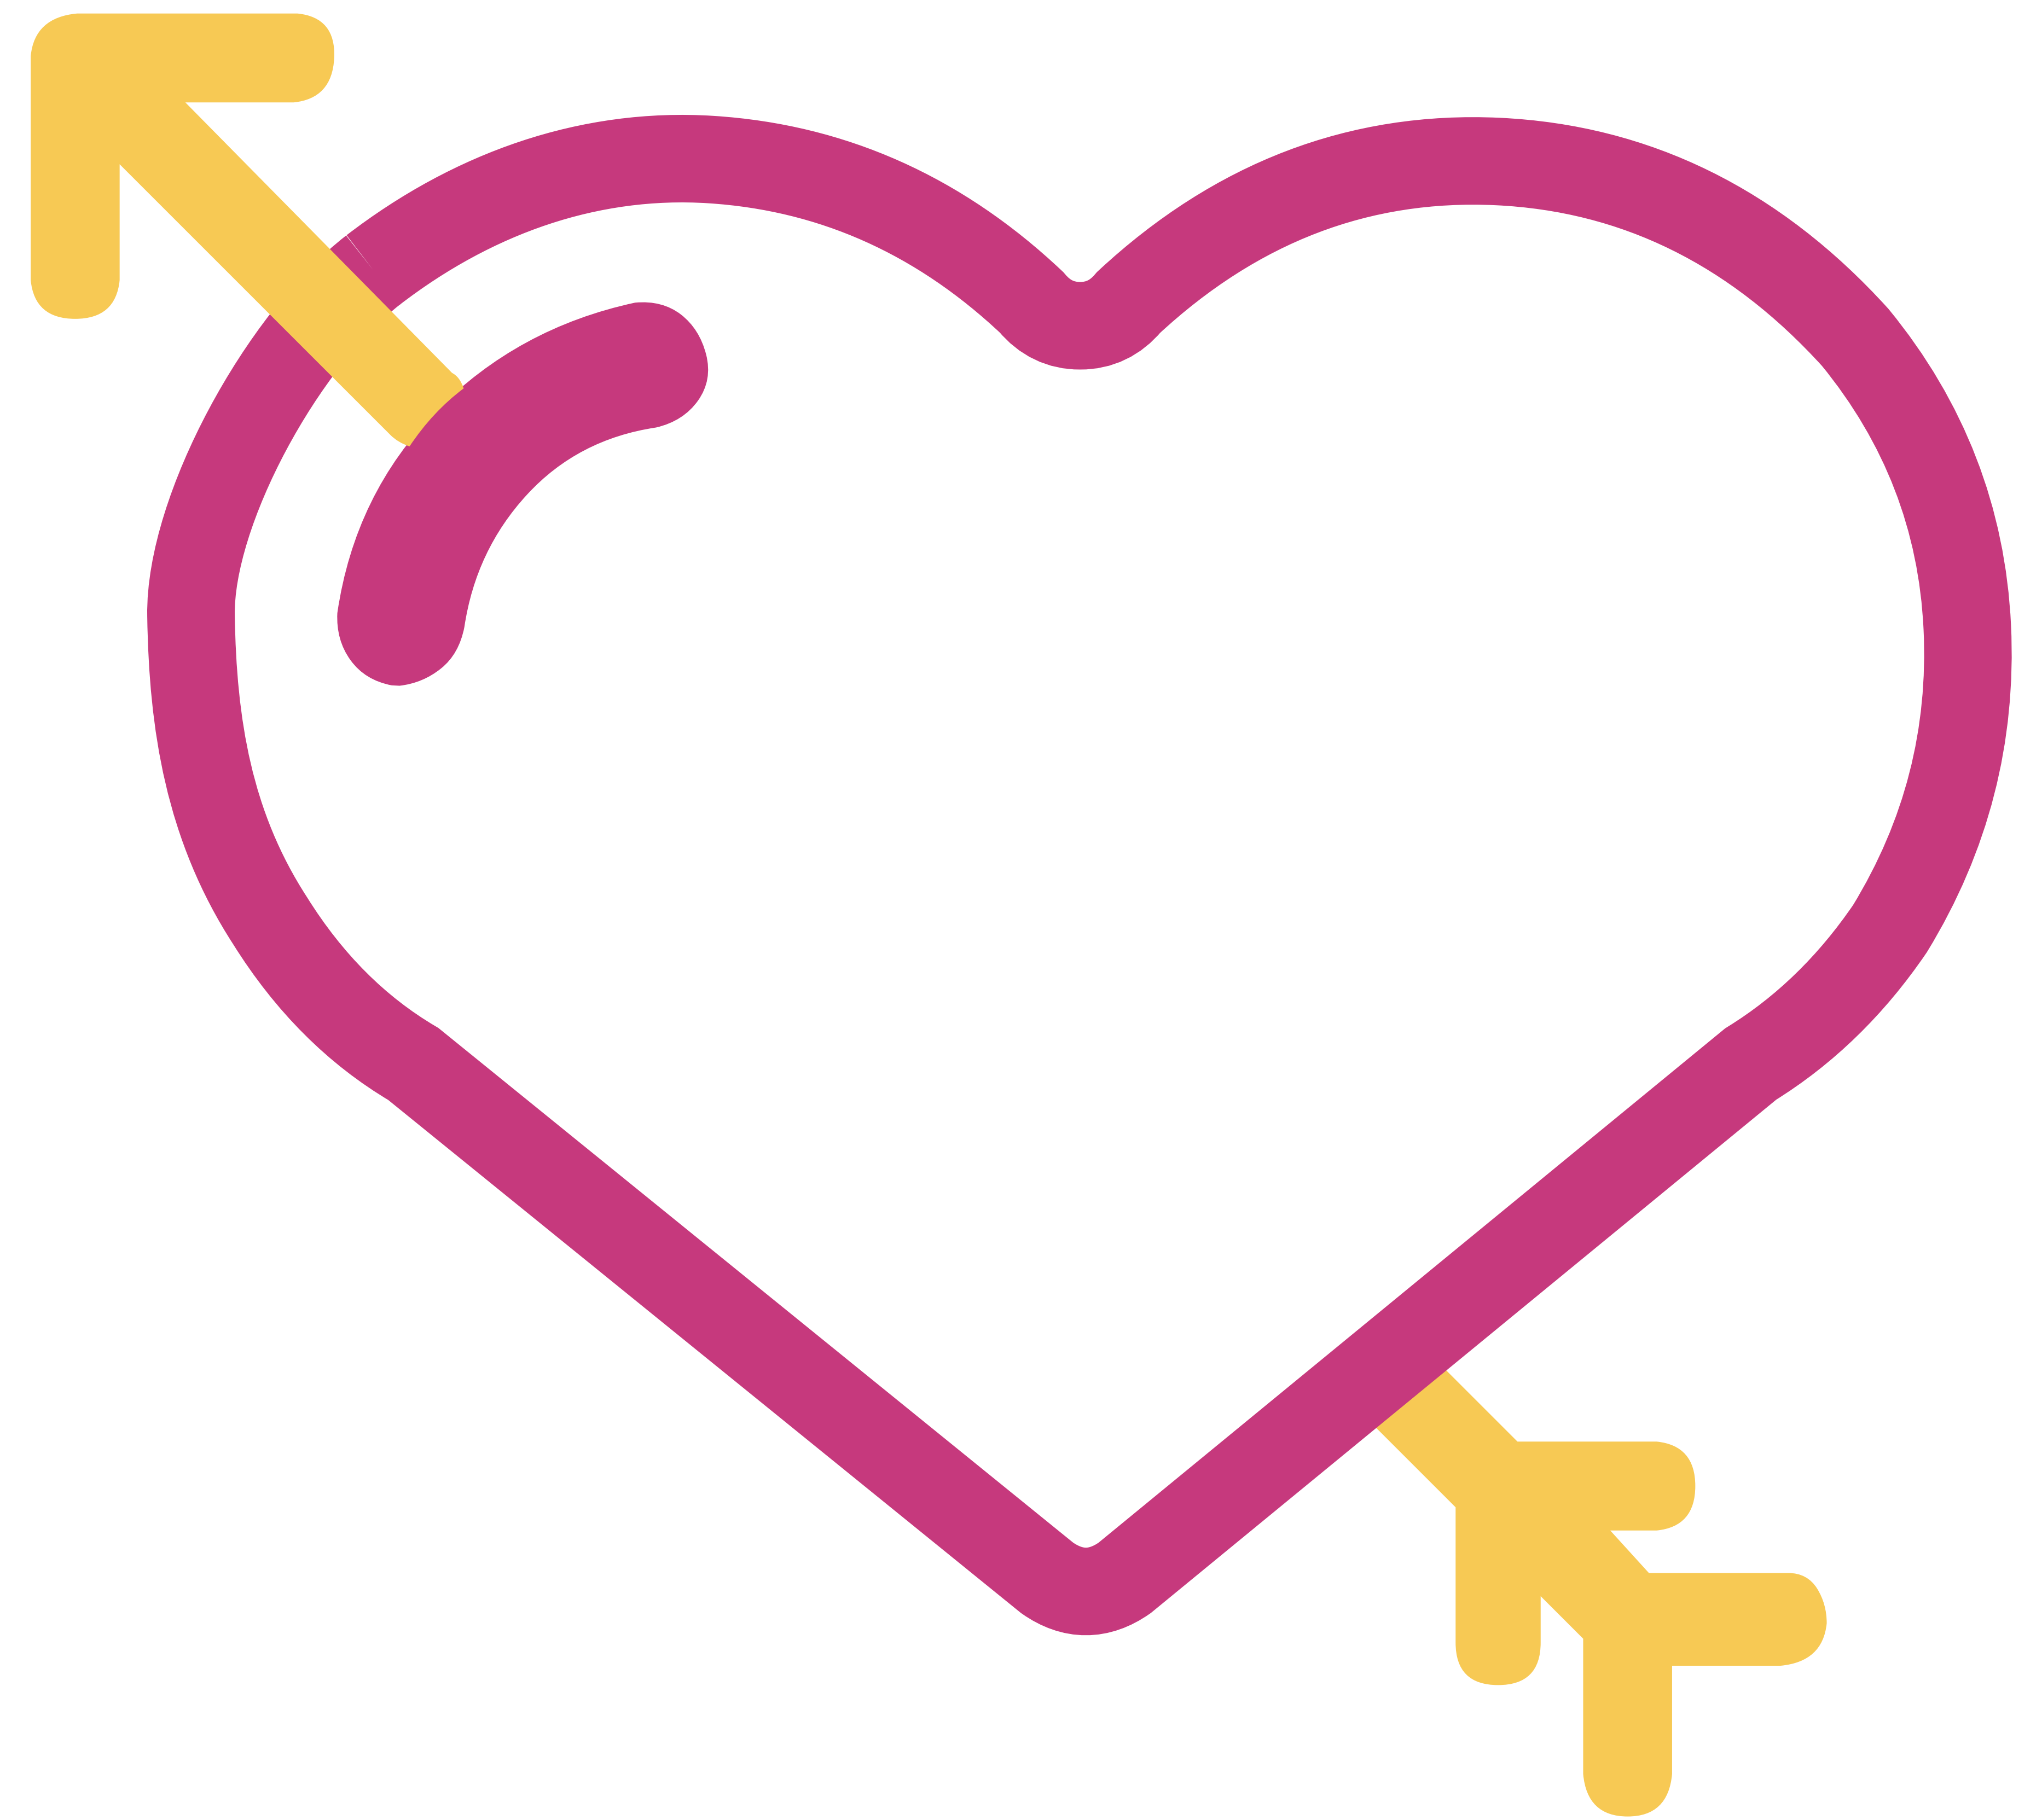

Hey neighbor,

We want to spread some Valentine cheer this year, even from a distance. Please enjoy these treats and help keep the game going!

Place the “we’ve been love struck” sign on your front door or window. Then visit [blog.gygi.com](http://blog.gygi.com) to download copies of the sign & instructions.

Finally, take some goodies to two neighbors and leave them by their door without being seen!

HAPPY
